Valentine's Dance

You'll need to: Access to YouTube & space to dance!

Dance along to the "Boom Chicka Boom—Valentine's Day" by The Learning Station on YouTube. Can you copy the actions on the screen?

Plastic Lid Disc Golf

You'll need to: Plastic lids (from a yogurt/ice cream container), a piece of paper, tape

Tape a piece of paper onto your wall to act as a target. (Draw a heart on the paper if you want to make this a LOVE themed game!) Take a few steps back, and throw your lid like a frisbee, trying to hit the target. Did you hit it? Then take another big step backwards and try again! Want to make it more challenging? Place the piece of paper on the floor and try to make your lid land on top of it!

CRAFT TIME!

Heart Puzzles

You'll need to: The colouring sheet on the next page, crayons, scissors

Use your crayons or markers to colour the heart puzzles on the next page. Use your scissors to cut along the outside of the heart shape. If you'd like, turn it over and write a message on the back for a special friend. Next, use your scissors to cut along each of the inside lines (you may need a grown-up's help for this part) You just made a puzzle! Can you put it back together? If you wrote a message on the back, put your puzzle in an envelope and send it to your friend!

Hello Friends!

Welcome to February! The weather has been cold, but we're hoping that your hearts are warm as you think about all the places you're finding love and care right now. What are some things that have made you feel especially cared for this season? What ways can we remind you that you're SO special to us?

We love our Scooters friends a lot and we are hoping that this month especially your hearts are full to the brim with good things to encourage you.

Sending much love to you,
Kari (and Elya & Beverly)
